40181/3475/5889/55-6

Serial No.

Submitted: 1) The Chairman has sought approval to the action taken by him in having bifurcated the work into two parts and distributed on piece work basis. as estimated rate. He seems to have sought approval to the action taken as he has not obtained sanction before the work was entrusted. This appears to be the decision

11) According to Section 10(1) of the Act the Chairman may accept otherwise, call for tenders for any work, costing not more than Rs 3000/- for orders (Ref Para 9)

24/11 24/11

C/W pl discuss

12) According to Section 10(1) of the Mysore City Improvement Trust Board Act, the Chairman, may call for tenders for works not exceeding Rs.3,000/- He has not called for tenders. He has entrusted the work to the Contractors, who are said to be working in the same locality and who are said to have enough stock of materials. The word used in Section 10 is "may" and not 'shall'. Therefore the Chairman may or may not call for tenders. His action in having entrusted the work may be approved.

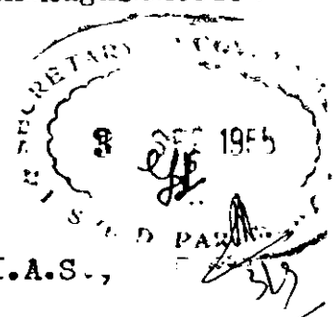
OFFICE OF THE CHAIRMAN,
CITY IMPROVEMENT TRUST BOARD,
POST BOX No. 55, MYSORE.

Dated 30th August 1954.

(1)



FROM

SRI S. LINGANNA,
Chairman, City Improvement Trust Board,
MYSORE.

To

Sri G.Venkatakrishna Rao, B.Sc.,(Hons), I.A.S.,
Secretary to the Government of Mysore.
Local Self-Government & Planning Departments,
BANGALORE.

Sri MA 4/8

SIR,

Subject: Estimate for Rs.2,000/- for protective works for the roads and drains in further layout of sites in Saraswathipuram.

Adverting to Government Order No.L.1474-7/I.T.B.8-49-112 dated 10-5-1950, sanctioning an estimate for Rs.50,000/- for forming layout of sites to the south of Saraswathipuram, Mysore, I write to state as follows:-

An estimate ~~for~~ has been got up for the above work in respect of the newly consolidated roads and earthern drain. Due to soft nature of the soil in the above area, the sides of the roads and drains have slipped off and have become very wide and irregular obstructing the flow of storm water. Hence is is necessary to protect the roads and drains by constructing rough stone revetment to retain the sides of the drain and bed pitching to prevent the undermining the bed etc., including cement concrete coping and cement mortar grouting etc., on both sides of the drains at the intersection of roads and to construct low parapet walls over the existing masonry culverts to retain the metal and earth cushion over the road crossings. The total cost of the above protective works comes to Rs.2,000/- and is proposed to be met out of the general savings in the said major estimate, which has been ~~sanctioned~~ approved by the undersigned on 21-8-54.

As the work is of urgent nature and has to be completed early, the items of works comprised in the estimate have been bifurcated into two parts and distributed on piece work basis at estimated rates between two contractors, who areat present working in the same locality and who have enough stock of materials.

(P.T.O)

(2)

In the above circumstances, I request you kindly to convey approval of Government to the arrangements made by this office in the interest of the speedy completion of the work, as reported above. The plan and estimate are also enclosed herewith for kind reference and retransmission.

Yours faithfully,

S. Linganna 30/8

(S.Linganna)
Chairman.

(2)

MYSORE CITY IMPROVEMENT TRUST BOARD.

Report to accompany the estimate for the proposed protective works for the roads and drains in further layout of sites in Saraswathipuram.

As per kind instructions of the Engineer during the inspections of the above layout on 13-7-1954, the following protective works for the newly consolidated roads and earthern drains as per the details enclosed herewith amounting to Rs.2,000/- are prepared.

Due to the soft nature of the soil in the above area, the sides of the roads and drains are slipped and have become very wide and irregular, obstructing the flow of storm water. Hence it is necessary to protect the roads and drains by constructing rough stone revetment to retain the sides of the drains and bed pitching to prevent the undermining the bed etc., including cement concrete coping and cement mortar grouting etc. for a length of 15 Ft. on both sides of the drains at the intersection of the roads, as shown in the accompanying site plan.

Further it is proposed to construct low parapet walls over the existing masonry culverts to retain the metal and earth cushion over the road crossings.

The total cost of the above protective works amounting to Rs.2,000/- is proposed to be met out of the general savings of the construction of 16 road crossings sanctioned for Rs.5635/- in the main estimate sanctioned for Rs.50,000/- for the formation of the above layout, since only 9 crossings are built.

The estimate may kindly be approved early.

PROCEEDINGS OF THE GOVERNMENT OF MYSORE.

READ:-

Government Order No.L.1474-7/ITB.8-49-112 dated 10th May 1950 sanctioning an estimate for Rs.50,000/- for forming layout of sites to the south of Saraswathipuram, Mysore.

2. Correspondence ending with letter No.B2.C.255/54-55 dated 9th July 1956 from the Chairman, City Improvement Trust Board, Mysore, stating that due to soft nature of the soil in theares the sides of the roads and drains slipped off and become very wide and irregular obstructing the flow of storm water and in order to protect the roads and drains in the layout referred to in the Government order read above an estimate for Rs.2,000/- was got up for protective works like constructing rough stone revetment, cement concreting, bed protecting etc., and approved by him on 21st August 1954 and that in view of urgent nature of work, the items of works comprised in the estimate were bifurcated into two parts and distributed on piece work basis at estimated rates between two contractors of the same locality who had enough stock of materials and requesting approval of Government to the action taken by him which has been ratified by the Board at its meeting held on 27th June 1956 and adding that the cost on this account will be met out of the general savings in the major schemes.

ORDER No.L. 9029-30/ITB. 14-55-113

Dated, Bangalore, the 28 · 8 · 56.

The action taken by the Chairman, City Improvement Trust Board, Mysore is approved with the direction that work should be entrusted in future at the lowest tendered or quoted rates after calling for tenders or quotations as the case may be.
